My Projects:

❖ **Travelling-World**
  - Live Link   gitHub Link
  - It's an online travel booking website. From this website people can book their favorite places to visit in daily, weekly, monthly packages by very cheap rate.
  - The site is created by using HTML5 and designed all pages with CSS and Bootstrap.
  - Mainly, I used JavaScript, React-Route and MongoDB making the site more dynamic and modern.

- ❖ **Daily Shop**
  - ▪ [Live Link](#)   [gitHub Link](#)
  - ▪ This is an online super shop. People can order their daily needed products from this website. It's very easy to order products in this website.
  - ▪ The admin can see all the sales and also can add new products and remove old products easily.
  - ▪ I used to develop the site with JavaScript, React.js, Material UI, MongoDB.
  - ▪ Deployed and authenticated the website by Firebase.
